

The Launch of WersiClub UK Focus : Appeared 19 March, 2008

WersiClub International is pleased to announce the launch of our brand new UK website called WersiClub UK Focus. You can find this site at:

www.wersiclub-ukfocus.org.uk

Do please visit this site and you will discover an opening offer which cannot be missed. Although the site is open for all to view, unfortunately we can make that offer only to those members with a UK address.

Our new site has been designed and constructed by your Committee Member, Ken Belton. I hope all our UK members will support him in this venture by contributing to the site. Here is Ken's message to you about his new site.

"WersiClub UK.Focus" operates within the framework of WersiClub International but, as the title suggests, its main aims are to "focus" on, and assist where possible all of our Wersi owners in the UK. It is hoped that by promoting a more local and personal approach we can encourage further participation and communications between all our members. Please drop in and take a look.

Our two existing sites will still continue to provide and develop an International service to all Wersi owners wherever they may live. All our three sites are working together to enable a greater understanding and enjoyment by owners of the wonderful Wersi instruments as well as helping to establish a true Wersi community spirit.

Colin
